Dust.VETERAN DUST
EXTERMINATOR
SWEEPING COMPOUND

is the successful result of years of diligent study and careful experiment. It is not a liquid, but is manufactured in granulated form. An every day necessity, not a luxury. It absorbs dirt and prevents dust from rising during the process of sweeping. It makes bare floors clean and smooth, saves scrubbing, kills the dust and germs, brightens up old carpets and rugs, obviates disastrous consequences of an inevitable cloud of dust while sweeping the old way.

Used on Floors, Tiles, Linoleums, Oil Cloths, Carpets and Rugs, and possesses properties that firmly grip the dust and dry-cleans them.

Practically Indispensable for Dwellings, Offices, Stores, Warehouses, Public Buildings, Schools, Colleges, Hospitals, Churches, Theatres, Halls, Restaurants, Hotels, Factories or whatever microbe-infested dust accumulates on floor space.

It is inexpensive; pays for itself by saving hundreds of dollars in damaged goods each year, and it is guaranteed to do the work of exterminating dust.

Dust Breeds Consumption.
Dust is extremely disagreeable as well as dangerous, everybody admits that and argument is unnecessary. Dust is destructive, hence the necessity of using a Sweeping Compound of Established reputation and dependable quality, being guaranteed Antiseptic and a Disinfectant.

Carpets, Rugs and Art Squares

Why take up carpets and beat them to pieces when the Veteran Dust Exterminator Sweeping Compound will gradually clean them where they are and bring back their original colors on the floor without taking them up?

This sweeping Compound does not lay the dust, but removes it from the floor by absorption. No dust rises and sweeping becomes an unalloyed pleasure instead of nasty drudgery.

Alexandria Gazette.

SATURDAY EVENING, MAR. 5, 1910.

THE EUGENIC SOCIETY.

Bernard Shaw, addressing the Eugenic Educational Society at Oxtown Hall, London, advocated, among other things, the abolition of property and marriage and the authorization by the state to kill undesirable. "It is most obvious to everybody," he said, "that before we can begin to breed the human race with the view to its improvement we must go further in the direction of political revolution than the most extreme socialist now ventures to suggest. It is evident that we need the entire abolition of property and marriage as a preliminary step. I do not see any way out of that."

Eugenic politics would, continued the lecturer, land us in the extensive use of the lethal chamber. It would be necessary to revise our views of the sacredness of human life. We should find ourselves committed to the killing of a great many people. Some would have to be removed simply because they wasted other people's time to look after them. On the other hand, we should leave living many people whom we now kill. We should have to get rid of all ideas of capital punishment. It is right to kill a man who cannot be trusted to go about in society injuring others, but a man may commit murder and yet be a perfectly safe and desirable citizen afterward. Indeed it might have been a desirable thing to have removed the murdered man. A man ought to be allowed to commit a certain number of crimes, just as he is allowed to have a certain number of sicknesses.

Sufferers who say they have tried every thing without benefit are the people we are looking for. We want them to know from glad experience that Ely's Cream Balm will conquer Cold in the Head, Hay Fever, and obstinate forms of Nasal Catarrh. This remedy acts directly on the inflamed, sensitive membranes. Cleansing, soothing and healing. One trial will convince you of its healing power. Price 50c. the matter of suitable footwear is a matter of most important consideration. Ugly shoes will spoil the whole effect of the most elegant gown, or cause the best cut and fitted evening garments to look untidy.
